

inox MX11 **CHAIN & BRAKE CLEAN**

Readily removes oil, grease and brake fluid without disassembly

INOX-mx11 CHAIN & BRAKE CLEAN

is a fast acting degreaser for removing brake fluid, oil, grease or oil/grease dirt contaminants from chains and brake assemblies (including linings and pads) before or after disassembly, leaving them bone dry and squeaky clean in a matter of minutes with no residual. In instances where the oil/grease and dirt is caked on, a second application will be required and at the same time it is advisable to use a firm non-metallic bristled cleaning brush to help loosen any caked on contaminant.

INOX-mx11 Chain & Brake Clean readily dissolves oil, grease and grime and can be used as a degreaser for car, motorbike, truck, boat, industrial, mining, farming equipment parts, gears, cables, engines or on any equipment where there is contamination from any oil, grease or oil/grease dirt mixtures.

INOX-mx11 Chain & Brake Clean is a solvent based cleaner that dries in minutes leaving no residue.

MOTORCYCLES: **INOX-mx11 Chain & Brake Clean** is ideal for cleaning gritty oil and dirt residue off bike chains and sprockets, leaving them clean and dry and ready for lubrication. **INOX-mx9 No Chukka Chain Lube** with PTFE is recommended for the lubrication of motorbike chains and sprockets.

CAUTION: *Avoid direct contact with rubber and perspex and prolonged contact with neoprene and plastics.*

Use in a well ventilated area.

SIZE: 500g Aerosol

GENERAL INFORMATION ON INOX PRODUCTS

CAUTION: **INOX-mx3** and **INOX-mx5 Plus** may effect some natural rubber products with long term continual use. All other **INOX** and **LANOX** products will not effect rubber.
